The right is reserved to make changes in specifications and methods at any time without notice. It is especially important that the PRECAUTIONS in the GI section be completely understood before starting any repair task. Service varies with the procedures used, the skills of the technician and the tools and parts available. Accordingly, anyone using service procedures, tools or parts which are not specifically recommended by NISSAN must first completely satisfy himself that neither his safety nor the vehicle's safety will be jeopardized by the service method selected. Well assume youre ok with this, but you can optout if you wish.
